**Help us move forward!!**

The **Alianza Agrícola** is an organization of Western NY dairy farmworkers that was founded in 2016 to create a better life for workers and their families. In June 2019, with the statewide Green Light campaign and its allies, we won a historic victory gaining access to driver's licenses for all undocumented immigrants in New York State. We are inviting new allies to join those who have stood with us throughout the driver's license campaign. As we transition to new campaigns and goals, come and learn about how you can be involved in helping the Alianza grow our organization and fight for immigrant rights.
